Date

Authorized person

name, surname, signature or digital signature

The administrative and technical contact details that the registrant will provide in this form are public because they are available on the Marnet website as data for the registered domain, in accordance with the adopted REGULATIONS ON THE ORGANIZATION AND MANAGEMENT OF TOP-LINE NATIONAL INTERNET DOMAINS. The publication of these data is in accordance with established international practice and they should serve exclusively for the purpose for which they are collected, i.e. to provide contacts with the designated persons exclusively for matters related to the registered domain. In this sense, by providing them in this form, the registrant confirms that the said persons are informed and agree to their data appearing in the said registry.
